

Regulatory Affairs Officer – Sustainable Packaging Asia & Middle East M/F

Contract	Speciality	Date of start	Place of work
Permanent	Packaging	ASAP	Asia

Put your expertise to work to ensure the environmental compliance of sustainable packaging in strategic and rapidly evolving markets!

Why join CEHTRA ?

CEHTRA is a Social and Solidarity Economy (SSE) company, committed to climate action and biodiversity, and a European leader in regulatory, toxicological, and ecotoxicological consulting.

Our mission: To prevent toxicological risks to humans and preserve biodiversity by addressing challenges such as nanoparticles, endocrine disruptors, and PFAS.

CEHTRA offers diverse and rewarding career paths, both in technical expertise and management. CEHTRA is part of the H2B Group, a rapidly growing organization specializing in emerging risks related to climate, health, and the environment.

CEHTRA operates in the most dynamic markets for the registration of chemicals, cosmetics, biocides, pharmaceuticals, food, plant protection products, packaging, and medical devices.

CEHTRA's headquarters is located near Bordeaux, with offices in France (Lyon, Paris), **Germany, Spain, the United Kingdom, Canada, and India.**

Purpose

Ensure the environmental compliance of packaging in key markets across Asia and the Middle East by developing a sustainable regulatory strategy that supports the ambitions of a major international client in the cosmetics industry.

Key missions

- **Regulatory Consulting:** Provide clear and practical support on regulations related to sustainable packaging in the Asia & Middle East region.
- **Internal Support:** Respond to team inquiries and help them make decisions that comply with local requirements.
- **Compliance Resources:** Develop practical guides and materials tailored to the company's needs.
- **Training:** Contribute to raising awareness and training teams on regulations and best practices.

Profile

Education :

- Master's degree (Bac +5) in Packaging Science, Packaging Engineering, Chemistry, Materials Science, or a related field.

Experience :

- 3+ years in regulatory affairs applied to packaging
- Expertise in sustainable packaging and environmental compliance

Skills:

- Strong knowledge of regulations in at least one country in the Asia & Middle East region
- Ability to manage complex regulatory environments
- Fluent in English (spoken and written)
- Proficiency in an Asian language is a plus

Personal Qualities:

- Strong communication skills
- Teaching and mentoring ability
- Collaborative mindset
